Roundabout at Scheuring Road/Mid Valley Drive/PDQ Drive opens to traffic
Town of Lawrence roundabout part of Scheuring Road interchange reconstruction project

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing the single-lane roundabout under construction at the intersection of Scheuring Road/Mid Valley Drive/PDQ Drive opened to traffic this morning.

The roundabout is one of two on Scheuring Road under construction since July 26 as part of the first phase of the \$14.7 million Scheuring Road interchange reconstruction project. The intersection features a lane through the center of the roundabout to accommodate oversized trucks.

A multi-lane roundabout under construction at the intersection of Scheuring Road/Lawrence Drive in De Pere is currently open to all traffic movements, except southbound on Lawrence Drive. Work is expected to be complete the week of November 22.

In 2011 the US 41/Scheuring Road interchange is scheduled to close to all traffic from March through October as the bridge over the highway is reconstructed and roundabouts built at the ramp terminals.
